

ABA: 587419

LH

A coronal brain scan image, likely an MRI or PET scan, showing a cross-section of the brain. The image is predominantly black, with a bright blue highlighted region in the left hemisphere, indicating an area of interest or abnormality. A white crosshair is overlaid on the image, with the vertical line passing through the center of the brain and the horizontal line passing through the highlighted region. The text 'ABA: 587419' is located in the top left corner, and 'LH' is located in the bottom left corner.
