

ABA:67765710

LH

This figure is a brain scan image, likely a PET or SPECT scan, showing a cross-section of a human brain. The image is predominantly blue, indicating low levels of activity. A small, localized area of high activity is visible in the lower-left quadrant, colored in a gradient from yellow to red. This area is labeled 'LH' in the bottom-left corner. The top-left corner of the image contains the alphanumeric string 'ABA:67765710'. The image is divided into four quadrants by a vertical and a horizontal white line.
