

ABA: 68151448

Pa

A circular blue field, possibly representing a celestial body or a specific astronomical region, is centered in the image. A white crosshair is overlaid on the field, dividing it into four quadrants. In the bottom-left quadrant, there is a small, bright cyan and blue spot, which could be a star or a specific feature of interest. The text "ABA: 68151448" is located in the top-left corner, and "Pa" is in the bottom-left corner.
