SCN

The image displays a coronal cross-section of a brain. The left hemisphere (viewer's left) features a prominent blue-colored region, likely representing an area of activation or a specific anatomical structure. The right hemisphere (viewer's right) appears mostly uniform in color. A vertical white line bisects the image, and a horizontal white line is positioned below the brain structures. The text 'ABA: 68269063' is located in the top left corner, and 'SCN' is in the bottom left corner.
