

ABA: 68341728

Tg

A fluorescence microscopy image of a biological specimen, likely a cell or tissue section. The specimen is stained with a blue fluorescent dye, showing a complex, irregular shape. Several bright spots of higher intensity are visible within the blue-stained area. A vertical white line and a horizontal white line intersect at the center of the image, dividing it into four quadrants. The text 'ABA: 68341728' is located in the top-left corner, and 'Tg' is in the bottom-left corner.
