

ABA: 68443513

Pir

A blue brain scan image, possibly a PET or SPECT scan, showing two distinct areas of high intensity (bright spots) against a dark background. The image is overlaid on a white grid. The left side of the image is labeled 'ABA: 68443513' and the right side is labeled 'Pir'. The bright spots are located in the upper left and lower left regions of the brain scan.
