A posterior

The image displays a brain scan, likely an axial slice, with a blue highlighted region indicating areas of significant activity or change. The brain is centered, and the blue region is primarily located in the left hemisphere (viewer's right). A vertical line and a horizontal line intersect at the center of the brain, dividing it into four quadrants. The text 'ABA: 68522308' is visible in the top left corner, and 'A posterior' is visible in the bottom left corner.
