Pir

A blue, symmetrical, butterfly-like shape is centered on a black background. The shape has two main lobes, one on the left and one on the right, separated by a narrow vertical gap. Each lobe has a rounded, slightly irregular edge. The shape is perfectly symmetrical along a vertical axis. A white grid is overlaid on the image, consisting of a horizontal line and a vertical line that intersect at the center of the shape. The vertical line extends from the top to the bottom of the image, and the horizontal line extends from the left to the right edge.
