

ABA: 68667121

VMH

The image shows a coronal section of a brain. A large, irregularly shaped region in the medial prefrontal cortex is highlighted in a solid blue color. This region is roughly triangular, pointing towards the anterior (top) of the image. The rest of the brain slice is black. A white crosshair is centered on the brain, with a vertical line and a horizontal line intersecting at the midline. The text 'ABA: 68667121' is in the top left corner, and 'VMH' is in the bottom left corner.
