

ABA: 68745209

VMH

This is a fluorescence microscopy image of a brain section. The image is predominantly black, with a large, irregularly shaped blue region on the left side. This blue region contains several smaller, brighter cyan and white spots, indicating areas of high fluorescence intensity. A vertical white line runs down the center of the image, and a horizontal white line runs across the middle, intersecting at the center. The text 'ABA: 68745209' is in the top left corner, and 'VMH' is in the bottom left corner.
