

ABA:68797502

CA1

The image displays a cross-sectional view of a brain, possibly from a PET or SPECT scan. A central region is highlighted in a bright blue color, indicating areas of increased metabolic activity or tracer uptake. This region is roughly oval-shaped and located in the midline of the brain. The rest of the brain tissue appears in a darker blue or black color. A white grid is superimposed on the image, with a vertical line passing through the center of the highlighted area and a horizontal line intersecting it. The text 'ABA:68797502' is located in the top left corner, and 'CA1' is in the bottom left corner.
