Cb lobe

The image displays a coronal brain scan with a color-coded activation map. A small, bright yellow-green region is visible on the left side of the image, indicating a specific area of interest. The rest of the brain area shown is in shades of blue. A white crosshair is overlaid on the image, with the vertical line passing through the center of the brain and the horizontal line passing through the level of the highlighted region. The text 'ABA: 69013516' is in the top left, and 'Cb lobe' is in the bottom left.
