

ABA: 69134346

SCN

The image displays a coronal cross-section of a brain, with the left and right hemispheres visible. A vertical line divides the image into two halves. The left hemisphere (viewer's left) contains a bright blue, irregularly shaped region, likely representing an area of activation or a lesion. The right hemisphere (viewer's right) appears mostly uniform in color. The text 'ABA: 69134346' is located at the top left, and 'SCN' is at the bottom left.
