

ABA: 69527836

SCN

The image displays a coronal cross-section of a brain. Two large, symmetrical, blue-colored regions are visible, representing areas of activation or a specific anatomical structure. These regions are separated by a vertical line, likely representing the midline. The background is black. In the top left corner, the text 'ABA: 69527836' is displayed in white. In the bottom left corner, the text 'SCN' is displayed in white. A horizontal white line runs across the middle of the image, intersecting the vertical midline.
