

ABA: 69608507

CA1

This fluorescence microscopy image displays a brain section with two distinct regions of interest. The left side, labeled 'CA1', shows a complex pattern of blue and cyan fluorescence, indicating specific neural activity or protein expression. The right side, labeled 'ABA: 69608507', shows a more uniform, solid blue fluorescence. A vertical white line separates the two regions, and a horizontal white line runs across the middle of the image.
