OB anterior

A brain scan image, likely a PET or SPECT scan, showing a cross-section of the brain. The image is predominantly black, with a bright blue and white highlighted region in the center, indicating areas of increased metabolic activity or blood flow. A white crosshair is overlaid on the image, with the vertical line passing through the center of the highlighted region. The text 'ABA:69734440' is located in the top left corner, and 'OB anterior' is in the bottom left corner.
