

ABA: 69837580

Pa

A false-color astronomical image, likely from the ALMA observatory, showing a protoplanetary disk. The image is split vertically by a white crosshair. The left side shows a bright, irregularly shaped region with some internal structure, while the right side is a darker, more uniform region. The text 'ABA: 69837580' is in the top left, and 'Pa' is in the bottom left.
