

ABA: 69838742

VA/VL

A coronal brain scan image, likely an MRI, showing a cross-section of the brain. The image is predominantly black, with a large, irregularly shaped blue region on the left side (patient's right hemisphere). This blue region appears to be a segmented volume or a specific anatomical structure. A white grid is overlaid on the image, consisting of a vertical line and a horizontal line that intersect at the center. The text 'ABA: 69838742' is located in the top left corner, and 'VA/VL' is in the bottom left corner.
