

ABA: 69873696

SCN

The image shows a coronal section of a brain, likely from a rodent, with two distinct blue regions of interest. These regions are located in the lateral areas of the brain, symmetrically placed on either side of the midline. The brain is divided into four quadrants by a vertical line and a horizontal line. The text 'ABA: 69873696' is in the top-left quadrant, and 'SCN' is in the bottom-left quadrant.
