

ABA:70238004

VMH

This image shows a coronal section of a brain with a fluorescence signal. The signal is concentrated in a small area in the upper-left quadrant, appearing as a bright yellow-green spot against a blue background. The rest of the brain section is uniformly blue. A vertical white line and a horizontal white line intersect at the center of the image, dividing it into four quadrants. The label 'ABA:70238004' is in the top-left corner, and 'VMH' is in the bottom-left corner.
