

ABA:70239111

Cb lobe

A brain scan image, likely a PET or SPECT scan, showing a cross-section of the brain. A specific region in the left cerebellar lobe is highlighted in a bright blue color, indicating increased metabolic activity or tracer uptake. The rest of the brain tissue appears in a darker blue. A white grid is overlaid on the image, with a vertical line passing through the center and a horizontal line passing through the middle. The text 'ABA:70239111' is located in the top left corner, and 'Cb lobe' is in the bottom left corner.
