

ABA:70429094

A posterior

A posterior brain scan image, likely a PET or SPECT scan, showing a cross-section of the brain. The image is divided into four quadrants by a vertical and a horizontal line. The text 'ABA:70429094' is in the top left and 'A posterior' is in the bottom left. The brain tissue is represented by a color scale from blue (low activity) to yellow (high activity). There are several areas of increased activity, particularly in the left hemisphere (viewer's left) and in the posterior region (viewer's bottom).
