

ABA:70429124

Tg

The image displays a cross-sectional view of a brain, possibly from a PET or SPECT scan. A white crosshair is centered on the image, dividing it into four quadrants. The left half of the image shows a bright, irregularly shaped region, indicating areas of high metabolic activity or tracer uptake. The right half is mostly dark, suggesting low activity. The text 'ABA:70429124' is located in the top left corner, and 'Tg' is in the bottom left corner.
