

ABA:70429315

VA/VL

The image is a brain scan, likely a PET or SPECT scan, showing a cross-section of the brain. The image is divided into four quadrants by a horizontal and vertical white line. The left hemisphere (viewer's left) shows a bright, localized area of high intensity, colored red/orange, indicating a significant finding. The rest of the brain is predominantly blue, suggesting low or no activity. The label 'ABA:70429315' is in the top left, and 'VA/VL' is in the bottom left.
