CA1

This is a fluorescence microscopy image of a brain section. The image shows a coronal slice with a central region of high fluorescence (yellow and green) and surrounding regions of lower fluorescence (blue). A white crosshair is overlaid on the image, with the vertical line passing through the center of the high-fluorescence region. The text 'ABA:70919203' is in the top left corner, and 'CA1' is in the bottom left corner.
