

ABA:70946134

CA1

This is a fluorescence microscopy image of a brain section. The image is divided into four quadrants by a white crosshair. The left half of the image shows a bright, irregularly shaped region with a color gradient from blue to yellow, indicating high fluorescence intensity. The right half of the image is dark blue, indicating low fluorescence intensity. The text 'ABA:70946134' is in the top left corner, and 'CA1' is in the bottom left corner.
