

ABA: 70946186

Cb lobe

The image displays a brain scan, likely an fMRI or PET scan, with a blue highlighted region in the cerebellar lobe. The brain is shown in a coronal or axial cross-section. The highlighted area is located in the upper left quadrant of the brain, near the top of the image. The text 'ABA: 70946186' is in the top left, and 'Cb lobe' is in the bottom left. A white crosshair is centered on the brain.
