

ABA:70946414

OB anterior

A fluorescence microscopy image of a brain section. The image is predominantly black, with two distinct, bright blue spots of fluorescence. These spots are located in the anterior olfactory bulb (OB anterior) region. A white crosshair is overlaid on the image, with the vertical line passing through the center of the two spots and the horizontal line passing through the space between them. The text 'ABA:70946414' is in the top left corner, and 'OB anterior' is in the bottom left corner.
