

ABA:71015802

OB anterior

A fluorescence microscopy image of a brain section. The image is dark with two prominent, bright blue spots located symmetrically on either side of a central vertical axis. A horizontal white line crosses the image, and two vertical white lines are positioned to the left and right of the spots. The text 'ABA:71015802' is in the top left, and 'OB anterior' is in the bottom left.
