

ABA: 71161423

ventral S

The image displays a coronal section of a brain. A specific region, likely the ventral striatum, is highlighted in a solid blue color. This region is located in the lower-middle part of the brain slice, symmetrically on both sides of the midline. The rest of the brain tissue is shown in grayscale. A white crosshair is overlaid on the image, with the vertical line passing through the center of the brain and the horizontal line passing through the level of the blue region. The text 'ABA: 71161423' is in the top left, and 'ventral S' is in the bottom left.
