

ABA: 71280694

S0

The image displays a cross-sectional view of a brain, likely from a PET or SPECT scan. A large, irregularly shaped region on the left side of the image is highlighted in a solid blue color. Within this blue region, there is a small, distinct area of higher intensity, appearing as a yellow-green spot. The rest of the brain area shown is dark, indicating low signal. A white crosshair is overlaid on the image, with a vertical line passing through the center and a horizontal line passing through the lower part of the brain. The text 'ABA: 71280694' is located in the top left corner, and 'S0' is in the bottom left corner.
