

ABA: 71613646

Cb lobe

The image displays a blue brain scan slice, likely a coronal section, against a black background. A white crosshair is centered on the image. The brain structure is roughly oval-shaped with a central vertical indentation. On the left side (viewer's left), there are two small, bright blue spots. The text 'ABA: 71613646' is in the top left, and 'Cb lobe' is in the bottom left.
