

ABA:71789801

VMH

This image shows a coronal section of a brain with a fluorescence signal. The signal is concentrated in a small area on the left side of the image, appearing as a bright yellow-green spot against a blue background. The rest of the brain section is mostly blue. A vertical white line and a horizontal white line intersect at the center of the image, dividing it into four quadrants. The text 'ABA:71789801' is in the top left corner, and 'VMH' is in the bottom left corner.
