VMH

A coronal section of a rodent brain is shown against a black background. The brain tissue is depicted in a light gray color. A specific region in the medial hypothalamus is highlighted in a solid blue color. A vertical white line runs through the center of the brain, and a horizontal white line runs across the middle, intersecting at the center of the brain. The label 'ABA:71924363' is located in the top left corner, and 'VMH' is located in the bottom left corner.
