

ABA:73712822

M

This is an astronomical image of a galaxy, likely a barred spiral galaxy, shown in a color-coded format. The image is divided into four quadrants by a white crosshair. The central region of the galaxy, where the bar and spiral arms meet, is highlighted in yellow and green, indicating higher intensity or a specific spectral feature. The rest of the galaxy, including the spiral arms, is shown in shades of blue. The background is black. In the top-left corner, the text 'ABA:73712822' is displayed in white. In the bottom-left corner, the letter 'M' is displayed in white.
