

ABA:74277734

VMH

This is a fluorescence microscopy image of a brain section. The image is divided into four quadrants by a vertical and a horizontal white line. The top-left quadrant contains a bright, localized spot of light, likely representing a specific cell or region of interest. The rest of the brain section is visible as a dark, irregular shape against a black background. The text 'ABA:74277734' is in the top-left corner, and 'VMH' is in the bottom-left corner.
