

ABA:74578182

CA1

This is a fluorescence microscopy image of a brain section, likely from a rodent. The image is divided into four quadrants by a white crosshair. The left half of the image shows a brain section with several bright, localized spots of fluorescence, primarily in the CA1 region. The right half of the image is mostly dark, indicating a lack of fluorescence. The text 'ABA:74578182' is in the top left, and 'CA1' is in the bottom left.
