

ABA:74578594

VMH

This is a fluorescence microscopy image of a brain section. The image is divided into four quadrants by a vertical and a horizontal white line. The left half of the image shows a brain section with several bright, localized spots of fluorescence, primarily in the central and lower-left areas. The right half of the image shows a similar brain section but with a much more uniform and intense blue fluorescence throughout the entire area. The text 'ABA:74578594' is in the top-left corner, and 'VMH' is in the bottom-left corner.
