

ABA: 74579398

SC

This is a coronal brain scan image, likely an MRI. The image is divided into four quadrants by a vertical and a horizontal white line. The left hemisphere (viewer's left) shows a bright yellow and cyan region, indicating a high signal intensity area, possibly a lesion or abnormality. The right hemisphere (viewer's right) is mostly dark blue, indicating a low signal intensity area. The text 'ABA: 74579398' is in the top left corner, and 'SC' is in the bottom left corner.
