

ABA: 74581381

A anterior

This is an axial PET scan of a human brain. The image displays metabolic activity using a color scale where blue represents low activity and yellow/green represents high activity. Two prominent, symmetrical areas of high activity are visible in the frontal lobes. A vertical line is drawn through the center of the brain, and a horizontal line is drawn below the brain image. The text 'ABA: 74581381' is located at the top left, and 'A anterior' is at the bottom left.
