Arc

The image displays a brain scan, likely an fMRI or PET scan, with two large, symmetrical blue lobes representing brain activity. A horizontal white line and a vertical white line intersect at the center of the image. At this intersection point, there is a small, bright yellow-green spot, indicating a specific area of interest or a peak in the scan data. The text 'ABA:74641326' is located in the top left corner, and the text 'Arc' is located in the bottom left corner.
