

ABA: 74658082

S0

This is an axial brain scan image, likely a PET or SPECT scan, showing a cross-section of the brain. The image is color-coded, with blue representing lower activity and yellow/green representing higher activity. The brain's gyri and sulci are visible. A vertical line and a horizontal line intersect in the center of the image, dividing it into four quadrants. The text 'ABA: 74658082' is located in the top left corner, and 'S0' is in the bottom left corner.
