CPu medial

The image displays a medial view of a brain scan, likely a PET or SPECT scan, with a color scale ranging from dark blue to light blue. A prominent, bright blue region is visible in the right hemisphere, indicating a high level of metabolic or functional activity. The brain is divided into four quadrants by a horizontal and a vertical white line. The text 'ABA:74658238' is located in the top left corner, and 'CPu medial' is in the bottom left corner.
