

ABA: 74821712

VA/VL

A coronal brain scan image, likely a PET or SPECT scan, showing a cross-section of the brain. The image is divided into two main regions by a vertical line. The left region (patient's right) shows a complex pattern of blue and yellow, indicating areas of increased metabolic activity or blood flow. The right region (patient's left) is mostly blue, indicating lower activity. A horizontal line crosses the middle of the brain. The text 'ABA: 74821712' is at the top left, and 'VA/VL' is at the bottom left.
