

ABA:75651162

Pn

A blue brain scan image, likely a PET or SPECT scan, showing a coronal cross-section of a human brain. The image is centered on a vertical white line, which is intersected by a horizontal white line. The brain tissue is represented by a blue color scale, with darker blue indicating lower activity and lighter blue indicating higher activity. The image is labeled 'ABA:75651162' in the top left corner and 'Pn' in the bottom left corner.
