

ABA:75774678

VMH

A coronal brain scan image showing bilateral activation in the ventral medial hypothalamus (VMH). The activation is represented by a blue color scale, with the most intense areas appearing as bright blue. The brain is divided into two hemispheres by a vertical line. The text 'ABA:75774678' is in the top left, and 'VMH' is in the bottom left. A horizontal line and a vertical line intersect at the center of the brain image.
