VMH

The image shows a coronal section of a brain. A large, irregularly shaped region is highlighted in a solid blue color, representing a specific area of interest. This region is located in the medial prefrontal cortex (vmPFC) area. The rest of the brain slice is black. A white crosshair is overlaid on the image, with the vertical line passing through the center of the blue region and the horizontal line passing through the lower part of the brain slice. The text 'ABA:75831778' is in the top left corner, and 'VMH' is in the bottom left corner.
