

ABA:76081887

SPa ventral

The image displays a brain scan, likely an fMRI or PET scan, showing two hemispheres. A color scale is visible at the top, ranging from blue (low activity) to red (high activity). A crosshair is overlaid on the image, with the vertical line passing through the center of the brain. The left hemisphere shows a small, bright, multi-colored spot (red, yellow, green, blue) near the top, indicating a region of high activity. The right hemisphere shows a small, bright blue spot near the bottom, indicating a region of low activity. The text 'ABA:76081887' is in the top left corner, and 'SPa ventral' is in the bottom left corner.
